

Covid-19 Workplace Health and Safety Policy

General Statement of Intent

The Real World Group of companies is committed to ensuring the health, safety and welfare of our employees, so far as is reasonably practicable, and recognise that the effective management of health and safety is an integral part of our overall business performance. We also fully accept our responsibility for other persons such as contractors and visitors who may be affected by our activities.

This policy describes the measures we have put in place to protect our employees, contractors and visitors from the risks of the coronavirus (COVID-19) outbreak and the duties that fall upon us.

The objectives of the Policy are to ensure that we are conforming to current Government Guidelines regarding COVID-19 and that our statutory obligations are met. We will continually strive to improve our management of COVID-19 and adapt as Government advice changes.
